Index to Vol. XV, 1893.

AIR drying oven 82
Alcohol, absolute 126
Alcohols, synthesis of polyhydric 704
Aluminum 221, 276
Ammonia gas, action upon molybdenyl chloride, 61; action upon wolframyl chloride, 68
Ammonia used in U. S 567
Analytical chemistry, progress in 376
Antimony, electrolytic separation from copper 32

BIGELOW, W. D., and K. P. McElroy. The Estimation of Sugars in Condensed Milk. See also McElroy, K. P. 668
Bismuth, electrolytic separation from mercury, 28; from cadmium, 103; from zinc, 104; from nickel, 104; from cobalt, 105; from zinc, cobalt, and nickel, 105; from cobalt and nickel, 105; from cobalt and zinc, 105; arsenic, 202; from antimony, 203; from tin, 204; from arsenic, antimony, and tin 204
Blasting gelatin, manufacture of 552
Boiler feed water, purification of 610

BOWER, HENRY. The Chemical Industry of the United States 563
Butter, melting point of 661

CADMIUM, electrolytic separation from antimony, 200; from tin, 201; from arsenic, 201; from arsenic, antimony, and tin 202
Calcite from York, Pa 543
Carbon dioxide, apparatus for volumetric determination of 614
Carbon dioxide in the air as a measure of the efficiency of ventilation 572
Carbon in iron and steel, determination of, 213, 283, 448; standard method for, 526; in steel, determination of 113; combustion in a current of air 114
Carborundum 411
CARR, OMA. The Predominant Organic Acid in Sorghum Juice 144
Casein in cows' milk, determination of 635
Cassava, some products of 78
CATLIN, CHARLES A. Improved Apparatus for the Volumetric Determination of Carbon Dioxide and Other Gases 614
Cement, Portland, examination of 181
Cheddar cheese, composition of American 605
Cheese, composition of American cheddar 605
Chemical Congress, announcement of committee on World's 43, 106, 177, 240
Chemical energy 421
Chemical industry of U. S 563
Chemical theory, fundaments of 430
